DETAILED ACTION

Drawings

1. The drawings were received on 9/26/2005. These drawings are now acceptable because of the amendment to the specification submitted on 8/14/2008.

Allowable Subject Matter

2. Claims 21-38 are allowed.

3. The following is an examiner's statement of reasons for allowance: independent claims 21 and 26 are directed to an apparatus and system, respectively, including an automated article dispensing device. Claim 32 is directed to a method including providing an automated article dispensing device. The dispensing device includes storage compartments arranged in tiers for storing vertical stacks of cloth articles. The delivery system of the dispensing device retrieves a top-most article in the stack in the compartment. The delivery system also includes separate retrieval systems for each tier. Consequently, the delivery system and dispensing device, in combination with the rest of the claim language, presents a novel structure and method over all of the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
